

Mentorship II
Exodus 17: 8 – 16 (NIV)

Introduction:

I. Moses selected Joshua to be his aide and mentee.

II. Moses trained Joshua
a.) to be a skilled soldier
b.) to be a spiritual leader

III. What can CBC do to raise up more leaders?

Conclusion:

1. Joshua was Moses' right-hand man and leader in training. Just as God had prepared Moses, God was now preparing Joshua through Moses to take over when Moses died.
 - Do you have a Moses in your life?
 - Do you have a Joshua in your life?
2. Moses grew tired and weary. He needed Aaron and Hur to help lift his hands on each side. If you are in a leadership position, do you feel comfortable to ask and accept help?
3. Is CBC intentional in preparing our next generation to take up the spiritual leadership role when the current leadership has moved on? What kind of training we need as a church? (Please share your ideas with the pastoral staff)
